# Correction: anorectal malformations

Marc A Levitt\* and Alberto Peña

## Correction

After the publication of this work [1] it was brought to the authors attention that Figure five (Figure 1 here) contained a duplication error in the PDF format, where it featured a perianal fistula instead of a rectovestibular fistula in females. The correct figure is given below:

**Figure 1** Rectovestibular fistula in females.

We regret any inconvenience that this inaccuracy may have caused.
