Correction: Clinical and genetic characterization of chanarin-dorfman syndrome patients: first report of large deletions in the ABHD5 gene

Chiara Redaelli1, Rosalind A Coleman2, Laura Moro3, Amalia Sertedaki4, Talia Kakourou4, Solaf Mohamed Elsayed5, Daniele Prati6,7, Agostino Colli8, Donatella Mela9, Roberto Colombo10, Daniela Tavian*

Correction
Following the publication of this article [1], it was clarified that the clinical follow-up of one of CDS family described in the manuscript was performed by Dr. Amalia Sertedaki and Talia Kakourou. The authorship of the article has been changed accordingly. The submitting authors would like to apologise to Amalia Sertedaki and Talia Kakourou for this error and they would like to thank Catherine Dacou-Voutetakis for underlining the problem.

Author details
1Department of Psychology, Catholic University of the Sacred Heart, Milan, Italy. 2Department of Nutrition, University of North Carolina, Chapel Hill, NC, USA. 3Department of Paediatrics, Athens University, Greece. 4Medical Genetics Center, Korba, Cairo, Egypt. 5Department of Transfusion Medicine and Hematology, Ospedale Alessandro Manzoni, Lecco, Italy. 6Center of Transfusion Medicine, Cellular Therapy and Cryobiology, IRCCS Foundation Ca’ Granda Ospedale Maggiore Policlinico, Milan, Italy. 7Department of Internal Medicine, Ospedale Alessandro Manzoni, Lecco, Italy. 8Department of Internal Medicine, Santa Corona Hospital, Pietra Ligure, Italy. 9Institute of Biochemistry and Clinical Biochemistry, Catholic University, Gemelli Hospital, Rome, Italy.

Authors’ contributions
CR carried out the molecular genetic studies and the interpretation of the results. RAC and LM made substantial contributions to interpretation of data and participated in manuscript preparation. AS, TK, SME, DP, AC and RC were involved in the clinical evaluation of patients and manuscript revision. DT made substantial contributions to conception, analysis and interpretation of data and drafted the manuscript. All authors read and approved the final manuscript.

Competing interests
The authors declare that they have no competing interests.
